

Summary of resolutions passed by the Pathoplexus Executive Board from 19 Jun 2025 to 24 Jul 2025

Excluding resolutions passed during Executive Board Meetings - please see the meeting summary for these

By majority vote of votes submitted the Pathoplexus Executive Board has passed the following resolutions:

- The Pathoplexus Executive Board received a request from the research and public health community to add Measles Virus to the list of pathogens supported by Pathoplexus. After careful consideration of this letter, technical feasibility, and the public health impact of this virus, the Executive Board voted on 18 July 2025 in favour of adding Measles virus by 4/4 votes submitted.
